## GYN CYTOLOGY ADDITIONAL TESTING INFORMATION

### HPV TESTING

- A. HPV testing is performed after PAP smear sign-out.
- B. HPV genotyping is performed on Fridays only.
- C. HPV testing on PAPs ordered as “PAP+reflex HPV if ASCUS” will only be done if the final diagnosis is ASCUS.
- D. HPV testing on PAPs ordered as “PAP+HPV co-testing” will be done on all PAPs except cases signed out as no diagnosis.
- E. HPV testing on PAPs ordered as “PAP+HPV co-testing with reflex Genotyping 16,18/45 if negative PAP, positive HPV” will be done on all PAPs except cases signed out as no diagnosis. Genotyping will be done only if the final sign-out diagnosis of the PAP is negative and the HPV testing is positive.
- F. HPV testing may be requested following submission of sample or PAP smear sign-out for up to 6 weeks following sample submission. Please fax request to 208-381-1424.
- G. HPV results may be obtained by calling 208-381-8829.
- H. Genotyping may be ordered by calling 208-381-8870.

### GONORRHEA/CHLAMYDIA TESTING

May only be done from the thin prep vial **PRIOR** to the PAP and HPV test performance. Please highlight gonorrhea/chlamydia testing or circle on the requisition.

Please call St Luke's Cytology at 208-381-2605 with questions.

HPV results may be obtained by calling 208-381-8829
